2016 Taiwan Trade Mission to

Romania, Bulgaria, Belarus, and Hungary

2016/10/22 ~ 2016/11/5

About TAITRA

Founded in 1970 to help promote foreign trade, the Taiwan External Trade Development Council (TAITRA) is the foremost non-profit trade promotion organization in Taiwan. Jointly sponsored by the government, industry associations, and several commercial organizations, TAITRA assists Taiwan businesses and manufacturers with reinforcing their international competitiveness and in coping with the challenges they face in foreign markets.

Since its establishment, TAITRA has developed a well-coordinated trade promotion and information network composed of over 1,200 trained specialists stationed at its headquarters in Taipei, in four local branch offices in Hsinchu, Taichung, Tainan, and Kaohsiung, as well as in over 60 representative offices around the world.

In association with its sister organizations, the Taiwan Trade Center, Inc. (TTC) and the Taipei World Trade Center (TWTC), TAITRA continues to do everything possible to adapt its trade promotion strategies to the changing international trends and conditions. TAITRA's major functions include Market Development, Strategic Marketing, Trade Information Services, Exhibitions, Convention Services, Trade Education, and TaiwanTrade (an e-Trading Hub service).

Tremendous business opportunities can be found in Taiwan's dynamic economy. Taiwan's strategic location, infrastructure and capital make the island an ideal springboard for business operations throughout Asia and the Pacific Rim. TAITRA, together with its experienced trade specialists, all stand ready to help you do business with Taiwan.

Products / Company Profile

Recycled WPC (Wood Plastic Composite) for Outdoor Landscaping Applications, it is a green material made with wood powder and recycled plastics. It looks like a natural timber, but can last longer, has less maintenance cost and is available in a variety of lengths.

Our WPC has been installed as decks in schools, hospitals, parking areas, parks, stadiums, golf clubs, shopping malls, hotels, restaurants, resorts, private villas, condominiums, commercial areas and public places. It has been used as a wall cladding and louvers in many buildings too.

We have 14-year experience in this WPC field, and we look forward to add value to your projects with our WPC.
