WORLD SUSTAINABLE ENERGY FORUM
VIENNA 2013

WORLD SUSTAINABLE ENERGY FORUM 2013

2 – 4 June, 2013

HOFBURG Vienna Congress Center, Austria

CONFERENCE, EXHIBITION, B2B MEETINGS & EXCURSION

WORLD SUSTAINABLE ENERGY FORUM 2013

Vienna, one of the most environmentally conscious places in the world, is an excellent location for conference, bilateral meetings, exhibition, excursion and fair.

Within three days of our forum we want to focus on energy and climate solutions:

- Renewable Energy
- Mobility
- Infrastructure
- Environmental Solutions

WHO SHOULD ATTEND?

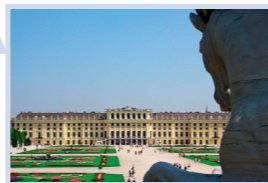

World Sustainable Energy Forum 2013 addresses to people worldwide with professional competence and interest in sustainable energy solutions, issues and problem solving concepts.

- Industry and trade
- Universities
- Political decision makers
- Municipalities, representatives of authorities
- Suppliers, planners, constructors and operating companies of pertinent products or plants
- Lobbies
