"To all the business leaders here today and around the world: We want to be your partner in helping to write the next chapter in our history. We want you to join the generations of immigrants and entrepreneurs and foreign investors who have discovered exactly what it means when we say we are the land of opportunity."

-PRESIDENT BARACK OBAMA

"We know that we need to move at your pace – the pace of business. We need to be outcomes-driven – helping more U.S. and foreign firms get the tools and information you need to invest here. My personal commitment to you right now is that we will do just that."

-PENNY PRITZKER, U.S. SECRETARY OF COMMERCE

"No investment is about the past. It's about the future. So we're going to refuse to sit still. The world, as we all know, is getting more competitive, but so are we. Capital chases confidence, and I'm confident that we're going to continue to get stronger and be more effective."

-JOHN KERRY, U.S. SECRETARY OF STATE

"America has always been known as the land of opportunity—a place where you can make it if you try. And have no doubt, opportunity in the United States is very much alive and well. It is alive for our workers. It is alive for our businesses. And it is alive for all of you who want to invest here."

-JACK LEW, U.S. SECRETARY OF THE TREASURY
