

Saskatchewan Agriculture – Endless Opportunities

Rick Burton

Assistant Deputy Minister of Agriculture

Agriculture is keeping Saskatchewan's economy strong

**40% of
Canada's
farmland**

10% of GDP

**32 million tonnes
of crops harvested in
2015**

**\$15.3 billion
in exports in 2015**

Exports

A Province Built on Opportunities

In 2014, Saskatchewan produced:

65% of the world's lentil exports

55% of the world's pea exports

39% of the world's durum exports

21% of the world's canola seed exports

Opportunities in value-added processing

Fruit

Jam
Jellies
