HYDROGEN INDUSTRY SUMMIT 2026 (HIS2026)

Turning EU–Egypt Hydrogen Ambition into Industrial Reality

From Kilowatts to Gigawatts ... Powering Egypt's Hydrogen Future

Scaling Hydrogen Solutions for Heavy Industry • Green Mobility • Industrial Decarbonization • Local Manufacturing • Green Finance • Sustainable Infrastructure • Green Tourism

DATE	VENUE
22 November 2026	Arab Contractors Club, Cairo, Egypt

MAIN HOST & STRATEGIC PARTNER

The Arab Contractors (Osman Ahmed Osman & Co.)

Host Venue & Strategic Infrastructure Partner

GOVERNMENT PARTICIPATION

Under the Patronage of Government Participation

Ministry of Industry	General Authority for Investment (GAFI)
Ministry of Investment & Foreign Trade	Arab Organization for Industrialization (AOI)
Ministry of Environment & Local Development	New & Renewable Energy Authority (NREA)
Ministry of Tourism & Antiquities	Federation of Egyptian Industries (ECO FEI)

INTERNATIONAL STRATEGIC PARTNERS

Hydrogen Europe	RCREEE
European Commission	UNIDO
H2Global	Blockchain & Climate Institute
World Bank	

SUMMIT VISION

HIS2026 brings together policymakers, investors, industrial leaders, EPC companies, technology providers, financial institutions and international organizations to accelerate Egypt's transition from hydrogen strategy to project implementation.

The summit focuses on transforming announced hydrogen ambitions into bankable projects, industrial deployment, local manufacturing, green mobility solutions and international investment partnerships.

OFFICIAL SUMMIT MESSAGES

Egypt is the Gateway... HIS2026 is the Catalyst.

Together and For the Nations... From Strategy to Implementation.

Building Africa's Pathway to the Global Hydrogen Economy.

FROM ANTALYA TO CAIRO

COP31 → HIS2026

COMMITMENTS → PROJECTS • POLICY → IMPLEMENTATION

CAPITAL → INVESTMENT • TECHNOLOGY → DEPLOYMENT

HYDROGEN → INDUSTRIAL DEMAND

ONE-DAY PROGRAMME · 22 November 2026

08:30 – 09:00 | Registration & Welcome Coffee

Networking & Exhibition Opening

Delegates registration, welcome refreshments, exhibition opening, media interviews, and early networking among government officials, industry leaders, investors, technology providers, sponsors and international delegates.

09:00 – 09:30 | OFFICIAL OPENING CEREMONY

Egypt's Hydrogen Economy: From Vision to Implementation

Building the Partnerships Behind Egypt's Green Industrial Transformation

The official inauguration of HIS2026, bringing together senior government officials, industrial leaders, international organizations and strategic partners to outline Egypt's vision for becoming a global hydrogen and green industrial hub. The session highlights investment opportunities, industrial decarbonization, local manufacturing and international cooperation.

AIMED TARGETS Government • Investors • Industry • International Organizations • EPC Companies • Renewable Energy Developers

WELCOME ADDRESS

Eng. Ahmed El Assar — CEO, Arab Contractors — Main Host & Strategic Partner

OPENING SPEAKERS

H.E. Dr. Khaled Hashem — Minister of Industry

H.E. Dr. Mohamed Farid Saleh — Minister of Investment

H.E. Dr. Manal Awad — Minister of Local Development (Representative)

Admiral Mohamed Abdel Fattah — Chairman, AOI

Dr. Sherif El Gabaly — Chairman, ECO FEI

Dr. Mohamed Sabry — CEO, GAFI

MODERATOR Dalia Samir — Co-Founder & Vice President, Hydrogen Egypt

09:30 – 09:55 | MORNING KEYNOTE FIRESIDE CHAT

The Hydrogen Valley of Ra

From Local Innovation to Regional Hydrogen Leadership — Linking the Valley of TRIERES with Egypt's Valley of Ra

An open fireside conversation presenting Hydrogen Egypt's "Valley of Ra" initiative, demonstrating how hydrogen valleys can integrate renewable energy, heavy industry, logistics, mobility, ports and local manufacturing while creating export opportunities connecting Egypt, Europe and Africa.

AIMED TARGETS Government • Investors • Hydrogen Developers • EPC Companies • International Organizations • Ports • Industry

FIRESIDE SPEAKERS

Konstantinos Chatzifotis — Motor Oil

Topic: *Connecting the Hydrogen Valley of TRIERES (Greece) with Egypt's Valley of Ra — a Greece–Egypt–Europe Hydrogen Corridor*

Khaled Nageib — CEO, Hydrogen Egypt

Patrick Cnubben — HEAVENN Hydrogen Valley

09:55 – 10:35 | COP31 OUTCOMES: WHAT HAPPENS NOW?

The COP31 Outcomes: What Happens Now?

From Antalya to Cairo — Turning COP31 Commitments into Egypt's Hydrogen Investment Roadmap

Senior European and Egyptian policymakers and hydrogen leaders examine the practical implications of COP31, connecting European policy, Egypt's investment framework, incentives and PPP mechanisms with international capital, technology transfer and hydrogen trade corridors.

AIMED TARGETS Governments • Investors • DFIs • Developers • International Organizations • EPCs

SPEAKERS

Dan Jørgensen — Energy Commissioner, European Commission (Online participation being explored)
Krzysztof Kuik — Director, Clean Planet, European Commission (In-person or online participation being explored)
Jorgo Chatzimarkakis — CEO, Hydrogen Europe
Timo Bollerhey — CEO, H2Global
H.E. Salih Mutlu Şen — Ambassador of Türkiye to Egypt
Sinan Yildirim — Resilience Leader, Turkish Armed Forces
Alan Haigh — European Commission Affairs
Eman Abdel Mohsen — National Project Coordinator, UNIDO

MODERATOR Alan Haigh — European Commission, Active Senior / DDG1, RTD

MODERATOR Eman Abdel Mohsen — National Project Coordinator, UNIDO

10:35 – 11:15 | AMBASSADORS' & DIPLOMATIC ROUNDTABLE

From Antalya to Cairo: A Diplomatic Dialogue on Post-COP31 Cooperation

Ambassadors, Government and Investment Leaders on the Path from COP31 to Implementation

Ambassadors and senior diplomatic representatives join Egyptian government officials and investment leaders to discuss how the momentum of COP31 can be carried forward into concrete cooperation, investment and project partnerships between Egypt and their respective countries, and how this translates into the global energy transition.

AIMED TARGETS Governments • Diplomatic Missions • Investors • International Organizations

SPEAKERS

H.E. Salih Mutlu Şen — Ambassador of Türkiye to Egypt
H.E. Eric Chevalier — Ambassador of France to Egypt (TBC)
H.E. Sergio Román Carranza Förster — Ambassador of Spain to Egypt
H.E. Peter Mollema — Ambassador of the Netherlands to Egypt (TBC)
H.E. Abdullah bin Nasser bin Musallam Al Rahbi — Ambassador of Oman to Egypt
Ministry of Environment and Local Development — Government of Egypt
Ministry of Investment — Special Keynote
Mohamed El Nil — Chairman, GASTEC

MODERATOR Dr. Ibrahim Abdel Khalek — Economic Expert, Former Vice Chairman, SCZone

11:15 – 11:35 | Coffee Break & Networking

Networking Break

A short break for networking, exhibition visits and media interviews.

11:35 – 12:20 | INTERNATIONAL COOPERATION & AFRICA HYDROGEN LEADERSHIP

Connecting Hydrogen Valleys: Egypt, Europe & Africa

Building International Hydrogen Corridors & Strategic Partnerships — Egypt as the Gateway, Africa as the Opportunity

How Hydrogen Valleys can accelerate industrial decarbonization, investment, innovation and regional cooperation between Europe, Egypt and Africa, and how hydrogen can accelerate industrialization, energy security and sustainable economic growth across the African continent.

AIMED TARGETS Governments • Developers • Investors • Hydrogen Valleys • Ports • Utilities

SPEAKERS

Jorgo Chatzimarkakis — CEO, Hydrogen Europe (Video / Online)
Timo Bollerhey — CEO, H2Global (Video / Online)
Nienke Homan — Impact Hydrogen
Eduardo Cano — CEO, EDAIR

Nuria Cano — Partner, H2 Nostrum
Francisco Montablan — CEO, Clantech Group
Ali Zerouali — HIF Global

Topic: Egypt is the Gateway. Africa is the Opportunity.

Diana Kraft-Schäfer — Head of Secretariat, Egyptian-German Green Hydrogen Partnership; Advisor, H2Uppp (GIZ)
Nivan Moodley — EGI / Eliagrid International
Dr. Amani Asfour — Chairman, African Union in Egypt
Dr. Sahar Albazar — Deputy Chair, Foreign Affairs Committee

Atter Hamoura — PPP Central Unit
Francisco Montablan — CEO, Clantech Group
Dr. Mostafa Shaykoun — Chairman, SCZone
Prof. Haitham Askar — Blockchain & Climate Institute

Topic: Carbon Credits, Blockchain & Climate Finance

Dr. Viktoria Beitna
Dr. Soraya El Hag — Environmental Policy & Sustainability Expert
Ahmed Medhat — Environment and Sustainability Expert, RCREEE

Topic: CBAM Strategy for Non-EU Exporters: Cut Certificate Costs with Verified Emissions Before Your Buyer Prices It For You

Suzi Erdogan — Chief Advisor, Former Head of Carbon Management, Turkish Petroleum (TPAO)

MODERATOR Dr. Ibrahim Abdel Khalek — Economic Expert, Former Vice Chairman, SCZone

13:05 – 13:50 | Networking Lunch

Lunch Break

Networking lunch for delegates, speakers and exhibitors.

13:50 – 14:35 | INDUSTRIAL OFFTAKER & DECARBONIZATION PANEL

Green Hydrogen for Egypt's Heavy Industry

Steel • Fertilizers • Cement — Creating Real Hydrogen Demand and Turning Hydrogen into a Competitive Advantage

Leading industrial companies discuss practical pathways for adopting hydrogen to reduce emissions while improving competitiveness and meeting export sustainability requirements, exploring decarbonization pathways using hydrogen, electrification, carbon management, automation and digitalization.

AIMED TARGETS Steel • Cement • Fertilizers • Chemicals • EPC • Technology Providers • Investors

SPEAKERS

EZZ Steel

MCC CERI — Mr. Xie Jun

Sameh Talaat — CEO, Kima Aswan

Abu Qir Fertilizers

MOPCO

Eng. Magdy Tewfik — Chairman, Al Nahda Cement

Dr. Mahmoud Abu ElEnein — Group Sustainability Director, Royal Cement

Maged Moustafa — COO, Arabian Cement

Essam Ali — MD, Titan

Alan Talib — CEO, Nord Gulf

Hydrogenera — Mr. Lachezar

Ossama Maguid — VP Africa, Yokogawa

Dr. Rehab El Maghraby — Energy Expert & Decarbonisation Consultant

Khaled Nageib — CEO, Hydrogen Egypt

MODERATOR Choeib Ranadrill

14:35 – 15:35 | PROJECT DEVELOPMENT, TECHNOLOGY & LOCAL MANUFACTURING

From Kilowatts to Gigawatts

Scaling Renewable Energy, Electrolysis, Hydrogen Production and Localizing the Value Chain

Exploring the infrastructure, electrolysis, renewable power, BESS, water, geologic (natural) hydrogen exploration, grid integration and EPC capabilities required to move Egypt from pilot projects to gigawatt-scale hydrogen production — and how Egypt can localize manufacturing of electrolyzers, renewable energy equipment, hydrogen infrastructure and mobility technologies through international partnerships. The session also showcases hydrogen technologies commercially available today, including AI-driven optimization, dual-fuel systems, digital automation and carbon accounting.

AIMED TARGETS Manufacturers • EPC Companies • Technology Providers • Utilities • Government • Investors • Developers

SPEAKERS

Dr. Ehab Ismail — NREA

Mr. Duan — Sungrow Hydrogen

Dr. Charles Zhao — SLG (Shuangliang)

Hydrogenera

Olivier Sins — STAAK Technology

Tamer Mohamed — Triangle Group

Joe Spease — CEO, WindSohy (USA)

Topic: Geologic (Natural) Hydrogen Exploration

Alaa Yahia Fayed — Project Manager, Nexus Analytica

Mohamed El Semellawy — COO, EDF (Red Sea hydrogen developments)

Mohamed Shoukry — Country Director, Fortescue (Red Sea hydrogen developments)

Frans Van Bruegel — Renergy (Red Sea hydrogen developments)

Prof. Hossam El Nazer — Egyptian National Research Center

Prof. Haitham Askar — Blockchain & Climate Institute

Topic: Digital MRV, Blockchain & Carbon Credit Platforms for Hydrogen Projects

Ossama Maguid — VP Africa, Yokogawa

AOI

Arab Contractors

MCC CERI

Eric Yang — Overseas Manager, Carbon Energy Technology

Hussein Ghazzawy — Advisor, Ministry of Industry

Mohamed Zada — Strategic Projects Advisor

Ayman Ismail — VP Communications, Hitachi Energy — grid integration and transmission solutions

Dr. Amira El Mazny — H2 Expert

MODERATOR Khaled Nageib

MODERATOR Choeib Ranadrill

15:35 – 16:10 | GREEN INFRASTRUCTURE & SUSTAINABLE BUILDINGS

Building Egypt's Green Future

Green Buildings • Industrial Zones • Energy • Transport • Smart & Hydrogen-Ready Infrastructure

The construction sector plays a pivotal role in Egypt's green transition. This session explores how sustainable buildings, smart cities, industrial zones, renewable energy integration, low-carbon materials, utilities, logistics and hydrogen-ready infrastructure can support industrial decarbonization while positioning Egypt as a regional leader in sustainable development. Special attention is given to the role of Arab Contractors as Egypt's leading EPC company in delivering large-scale green infrastructure and supporting the Hydrogen Economy.

AIMED TARGETS EPC Companies • Construction Firms • Real Estate Developers • Ministries • Urban Developers • Sustainability Experts • Investors

SPEAKERS

Eng. Ahmed El Assar — CEO, Arab Contractors

Dr. Eman El Garhy — Founder & CEO, Ecothentric Sustainability Consultancy

Arab Contractors Sustainability & Green Building Team

Dr. Ehab Ismail — Chairman, NREA

Ahmed Ghandour — Managing Director, Sunway Egypt

Tamer Mohamed — Triangle Group

Golden Triangle Economic Authority

Ayman Ismail — VP Communications, Hitachi Energy — grid integration and transmission solutions

Safwa Abouelazayem — Senior Energy Engineer, Johnson Controls — experience and research interests in renewables and green hydrogen

MODERATOR Ahmed Ghandour — Managing Director, Sunway Egypt

16:10 – 16:50 | PORTS, LOGISTICS & GLOBAL TRADE PANEL

Egypt as the Gateway to Europe & Africa

Ports • Logistics • Export Corridors • Hydrogen Trade • Shipping • Green Bunkering • Diplomatic Partnerships

Exploring Egypt's strategic location and maritime infrastructure for hydrogen exports, green ammonia and global supply chains — bringing together port authorities, logistics leaders and diplomatic missions to discuss mobility, ports, logistics, shipping and green bunkering, and how COP31-era cooperation can translate into trade corridors and port partnerships.

SPEAKERS

Admiral Abdel Kader Darwish — Chairman, Egypt Marine Ports

Damietta Port — Chairman

Nauf Dawood — FIG Country Manager, Sohar International Group

Cartagena Port and Spanish Companies — Port decarbonization and green shipping corridors

Golden Triangle Economic Authority

H.E. Eric Chevalier — Ambassador of France to Egypt (TBC)

H.E. Salih Mutlu Şen — Ambassador of Türkiye to Egypt

H.E. Sergio Román Carranza Förster — Ambassador of Spain to Egypt

H.E. Peter Mollema — Ambassador of the Netherlands to Egypt (TBC)

H.E. Abdullah bin Nasser bin Musallam Al Rahbi — Ambassador of Oman to Egypt

Essam El Sheibany — Asyad, Oman

Abdullah Ali Salim Albusaidi — Director General, Oman Logistics Center, Ministry of Transport, Communications & Information Technology, Oman

Nivan Moodley — EGI / Eliagrid

Maximo Miccinelli — FleishmanHillard

MODERATOR Ahmed Ghandour — Sunway Egypt

16:50 – 17:30 | HYDROGEN MOBILITY & SMART TRANSPORT

From Demonstration to Fleet Deployment

Decarbonizing Commercial Vehicles, Heavy Transport, Logistics & Fleets

Examining practical hydrogen mobility applications including dual-fuel technologies, fuel cells, commercial fleets, buses, trucks, electrification, digital fleet management and hydrogen refuelling infrastructure. The discussion focuses on solutions that can be deployed immediately while preparing Egypt for future hydrogen mobility ecosystems.

AIMED TARGETS Transport Operators • Fleet Owners • Logistics Companies • Government • Investors

SPEAKERS

Magdolin Michael — Cummins Arabia

Ali Russell — Managing Director, Extreme E

Ju Gao — FuelFuture

Dr. David Novak — Reviewer, World Climate Council / IPCC; hydrogen author

Omar Gado — Fleet Manager, Coca-Cola HBC

Ahmed El Gezary — COO, Ostool

Mohamed Abdel Moneim — CEO, Industrial Control Plant

Dr. Viktoria Beitna

Hydrogen Egypt — Hydrogen Bike & HHO Demonstration

MODERATOR Choeib Ranadrill
