No. 04/2-449 of December 12, 2022

### To whom it may concern

The Republic of Moldova has received financing from the International Bank for Reconstruction and Development toward the cost of the Moldova Second District Heating Efficiency Improvement Project (DHEIP2), and intends to apply part of the proceeds toward payments under the Contract for *Installation of efficient cogeneration plants based on Gas Engines at HOB West and CHP Source 3 and Installation of power transformers and switchgear facilities (Plant Design, Supply & Installation)*.

In this regard, the Moldova Energy Projects Implementation Unit (MEPIU) invites sealed Bids from eligible Bidders for the design, supply, installation and commissioning of two new cogeneration plants based on Gas Internal Combustion Engines (GICEs) in Chișinău, with a total net thermal energy production capacity of at least 43 Gcal/h, and corresponding electrical energy production capacity at the required efficiency.

In case the companies in your country would be interested in this tender, the **Specific Procurement Notice – Request for Bids (RFB No. 9134-B1.2)**, including the instructions for purchasing the **Bidding Document** can be found at the following link:
