KLAIPĖDA

EXPORT CATALOGUE

OF THE KLAIPĖDA CHAMBER OF
COMMERCE INDUSTRY AND CRAFTS MEMBERS

Dear Entrepreneurs,

Please find the second edition of the Export Catalogue of the Klaipėda Chamber of Commerce Industry and Crafts members. The catalogue contains short profiles of the regional companies expanding business relations in foreign countries. You will also find some information about Klaipėda Chamber of Commerce Industry and Crafts and the main economic data about the region. We would be grateful for the circulation of the profiles among your clients and we remain at your disposal for any further questions on partnering opportunities.

Yours faithfully,

VIKTORAS KROLIS

General Director

BUSINESS PARTNER OPPORTUNITIES

All those, looking for business partners to enter new markets and able to work with foreign companies and Lithuanian business partners, are invited by the KCCIC to send a business co-operation request for a subcontractor, agent, distributor, importer and/or a joint venture partner in Lithuania and abroad. The request is disseminated among partners across Europe, local partners or directly to Lithuanian companies of a specific sector. One more option for finding business partners is participation in trade missions and matchmaking events organized by the KCCIC.

Please contact Klaipėda Chamber of Commerce, Industry and Crafts for an advice and suggestions on the best match businesses within the local area on:

KLAIPĖDA CHAMBER OF COMMERCE, INDUSTRY AND CRAFTS

The Chambers of Commerce, Industry, and Crafts of Lithuania are non-state, non-profit self-governing entrepreneurial organizations that effectively participate in the international system of chambers of industry and commerce. The Chambers of Commerce, Industry, and Crafts operate in five major cities in Lithuania: Vilnius, Kaunas, Klaipėda, Šiauliai, and Panevėžys.

The Klaipėda Chamber of Commerce, Industry, and Crafts (KCCIC) consolidates more than 230 members among which are the biggest companies of the region and representatives of small and medium-sized businesses. The Chamber also represents the interests of entrepreneurs and business development objectives in the Klaipėda and Tauragė regions.

Promoting the export and development of small and medium-sized business, the Chamber takes part in various international projects and EU programmes.

The Chamber is a member of Enterprise Europe Network, which helps businesses innovate and grow on an international scale by finding new partners, participating in different events. <https://een.ec.europa.eu>

SERVICES

The Klaipėda Chamber of Commerce, Industry, and Crafts provides the following services:

- Promotes foreign trade;
- Influences the development of small and medium-sized enterprises;
- Provides information about the business offers received from foreign companies;
- Searches for foreign partners on request;
- Distributes information about the members of the Chamber and their businesses to the embassies and counterpart chambers abroad;
- Administrates and participates in EU and other international projects;
- Makes arrangements for business missions, visits to companies, and meetings with foreign entrepreneurs;
- Organizes seminars, training courses for businessmen, conferences, and presentations;
- Renders assistance to the organizers of vocational training in the region;
- Issues Certificates of Origin of Goods;
- Certifies certificates confirming the force-majeure circumstances and the authenticity of international operation documents.

KEY FACTS ABOUT KLAIPĖDA

Klaipėda - Lithuania's third largest city, located on the Curonian Lagoon at the western coast of Lithuania. Historically Klaipėda has been one of the fastest growing municipalities in Lithuania and nowadays Klaipėda is an industrial, business, educational, scientific, cultural, health and recreational administrative center with very rich traditions.

Klaipėda stands out from other cities in Lithuania as the only Lithuanian seaport. Klaipėda State Seaport is the northernmost ice-free port on the Eastern coast of the Baltic Sea. A multipurpose, universal, deep-water port, with the annual port cargo handling capacity up to 40 million tones operates 24 hours per day, 7 days per week, all year round.

Klaipėda's economy develops hand in hand not only with Klaipėda State Seaport, but also with the Klaipėda Free Economic Zone, which provides clients with a unique opportunity for business development by offering industrial sites with support services and tax incentives. The Klaipėda Free Economic Zone (412 ha) occupies a strategic location - just 3 km away from the Port of Klaipėda and with direct connections to the road and rail system. Free Economic Zone contains 100+ businesses with 29 anchor members from 16 countries and 5400+ employees.

80%

• GDP: the city generates approximately 12 % of Lithuania's GDP and almost 80 % of Western Lithuania's GDP.
