## – GOING ON

A year ago, when we celebrated the 50th birthday of Hungexpo Ltd., my colleagues and I knew two things: we can build upon our past, but the future of the company can only be secured if it is capable of constant change. This is how we maintain the trust of exhibitors and visitors alike. Numbers and facts, as they say, are stubborn things. In 2018 our pavilions operated at 87% occupancy, which is an outstanding achievement in the company's history, and the revenue of Hungexpo Ltd. grew by more than 10%.

But last year's achievement certainly won't be enough for next year. And we are talking primarily about the company's market presence and our partners' satisfaction. For this reason we are especially proud that in 2018, in addition to our traditional events, Hungexpo's portfolio has expanded with three new exhibitions. HUNGAROMED Healthcare and Medical Technology Exhibition and Conference, HOMEDesign Autumn Homemaking Exhibition and Fair, and Beauty & Style International Beauty Industry Exhibition all lived up to our expectations, therefore visitors will be able to experience these events again this year.

For years we have been working with our parent company, GL-events, towards hosting more international professional conferences and sporting events in addition to top quality exhibitions. After the huge international

success of last year's Euroskills (nearly 100,000 people took part in the European Championship of professions) in 2019 we are hosting world class events such as ERA-EDTA, the annual congress of the world's most prominent professional association of kidney medicine, or the WTTTC 2019, the singles' World Table Tennis Championships, an event expected to draw more than 10,000 competitors from all around the world.

This year is also extremely important for Hungexpo because after considerable work on the new design, the expansion of the Budapest Fair Center is beginning. The construction, and its temporary discomfort, all show the trust we put in our future. We, here at Hungexpo, are sure that in two years' time we will be the owners of a world class facility, capable of fully satisfying the needs of the exhibitors and the visitors alike.

**AGROMashEXPO**

Input - Machine - Logistics

37th AGROMashEXPO International  
Agriculture and Agricultural  
Machinery Exhibition**AgrárgépShow**9th AgrárgépShow Agricultural  
Machine Show

The **AGROMashEXPO** and **AgrárgépShow** exhibitions together make up the most prestigious and greatest agricultural professional exhibition of the industry in Hungary. It plays an increasingly significant role in the region with 7% of the visitors coming from foreign countries. Practically the entire domestic machine market is present at the event: market-leading companies and the biggest international brands in distribution just as the cream of the domestic machine manufacturing industry. In addition to agricultural machines, there is an increasing supply in the field of input (seeds and other plant propagating materials, pesticides, fertilizers and insecticides), logistics, agricultural electronics, measurement technology and automation. Highlighted governmental and professional support, rich selection of conference events.

**HUNGARIAN GARDEN**

As a co-exhibition of AGROMashEXPO, the **HUNGARIAN GARDEN** exhibition presents landscaping and gardening machines and tools. The themes of the exhibition cover the complete industry, showcasing the entire spectrum of tools and technologies for the design, maintenance and landscaping of gardens, parks and community areas.

BUDAPEST  
**BOATSHOW**  
28th International Boat  
Exhibition

In 2019, Hungary's greatest landlocked harbour and season-opening grand event of boating and water sports will open its doors to visitors for the 28th occasion. Every year, the **Budapest Boat Show** presents the full range of boats of the domestic market from sail, motor and electric boats to sailing and water sports related services and equipment.

Last hosted as a standalone event, but the next Budapest Boat Show will be organized simultaneously with the Travel exhibition, and owing to the numerous connection points, the two events will mutually benefit from the synergy in themes such as boat trips, active tourism or the Accessible Hungary program.

As always, visitors are welcomed with a wide range of events for both the professional and general audience at the GENERALI Harbour Stage, Program Island and Show Pool as well. The Budapest Boat Show will again commence with a professional day, whilst the second day evening of the event will be reserved for the Exclusive Exhibition Visit.

**TRAVEL**

42th International  
Tourism Exhibition

The Travel exhibition is Hungary's primary tourism fair, now entering its 42nd year. In reaction to the changes taking place in the sector, the event is focused on experiences, developing personal relationships and providing visitors with the widest possible range of information. As appropriate to the "There is an active weekend" slogan, we're planning an extended weekend by presenting as many foreign destinations, domestic tourism regions and travel-related service companies as possible. In 2019, the focus will be on Algeria, Bács-Kiskun County and Kecskemét, as well as Castles and Palaces, as the exhibition's guests of honour. The event also serves as a forum for international and domestic B2B negotiations, tourism-related lectures and workshops. Hosted for the second occasion, the Student Professional Day provides the opportunity for reaching out to students pursuing studies in the field of tourism.

## CONSTRUMA HOME MAKING EXHIBITION BUNCH

The **CONSTRUMA exhibition bunch** is Hungary's single prominent professional forum which covers the entire spectrum of homemaking, from building operations and interior design to landscaping. Thanks to its complexity and dual target groups (B2B and B2C), it is a unique event in the Central Eastern European region.

**In 2019, the homemaking bunch includes: CONSTRUMA / CONSTRUMA GARDEN, HUNGAROTHERM/RENEO, HOMEDesign.**

**CONSTRUMA** is the flagship event of the Central Eastern European region's leading construction industry and home making exhibition bunch. It is the trade summit of the domestic construction industry. The event is centred on sustainability and environmental consciousness. The exhibition showcases all product groups needed for construction and renovation: building materials, doors, windows, insulation and much more, even including construction machinery, tools and methods. The latest technologies are represented by the annually increasing number of domestic and international manufacturers and major brands. The event is accompanied by wide-ranging professional support and a rich conference schedule.

CONSTRUMA GARDEN is the spring gathering of landscaping, garden building and horticulture, the most colourful addition to the CONSTRUMA homemaking portfolio. The exhibition is also increasingly attractive amongst visitors. The Hungarian Garden Construction Contest and Show has been a highlighted program of the event since the beginning. Apart from garden design devices and appliances, the event also features the theme of ornamental plants. The stage positioned in the centre of the exhibition space will feature a continuous range of events and demonstrations.

**HUNGAROTHERM**  
10th International Trade  
Exhibition for Heating,  
Ventilation, Air-Condition  
Technology and Sanitation

The greatest domestic exhibition of building engineering, organized bi-annually as part of the CONSTRUMA homemaking bunch. One of the most significant themes of the exhibition consists of heating, ventilation and air conditioning technology exhibitors, alongside the new features of renewable energy (RENEO). Other themes of building engineering are represented as well. Beside the presence of manufacturers, the top quality professional accompanying programs are of great appeal for visitors.

**HOME  
Design**  
8th Fair for Home making

Year after year, HOMEDesign, Hungary's largest exhibition of home and interior design, has enjoyed a rising popularity amongst exhibitors and visitors alike. As part of the CONSTRUMA exhibition portfolio, the event covers all the themes of home interior design from flooring and tiling, bathroom fittings and kitchen technology to interior design consulting. The latest domestic design trends are showcased on HUNGARIAN DESIGN (young designers') stand. The exhibition's professional support is reinforced by the conference hosted by the Furniture Association and the project coordinated by the Hungarian Interior Designers Association seeking to present new professional trends.
