

INVITATION

THE NORWEGIAN-BULGARIAN BUSINESS GROUP

WOULD LIKE TO INVITE YOU TO

OSLO INNOVATION WEEK, OSLO, 26th – 29th OF SEPTEMBER, 2022

ABOUT OSLO INNOVATION WEEK

Oslo Innovation Week (26.09. - 29.09.) is the biggest annual business event in Norway attracting Norwegian and international business elite - around 10,000 people across 60 events - startup and scaleup founders, investors, creatives, tech experts, policy makers etc.

What to expect?

Oslo Innovation Week is an umbrella event including over 60 events hosted by both Norwegian and international incubators, investors, and startup ecosystem builders in Oslo, Norway.

Scaling for Global Success

Surrounded by Oslo's abundant cityscape, you'll meet passionate startup founders, scaleup professionals, researchers, and investors from the Nordics and beyond. Attend 60 events, and build your own network while also gaining valuable insight on topics like investment, talent attraction, and global expansion.

All of the events under this track are hosted across Oslo or as hybrid events. You'll find panels, keynote talks, workshops, pitching, and networking. Sign up for each event to attend.

Community Events

For business, sustainability, and innovation events beyond startup and scaleup, you'll find them under the Community track.

Who attends Oslo Innovation Week?

Each year the event attracts around 10,000 people across 60 events, where 30% are international. Startup and scaleup founders, investors, creatives, tech experts, policy makers, students, and anyone who is interested in entrepreneurship and solving global challenges.

International investors visiting Oslo?

There are lots of events happening for investors. Get in touch with us at tonje@oslobusinessregion.no if you're interested in learning more.

Here is the [link to the Programme](#) and the [link to the speakers](#).

Some of the events are free of charge and some are paid.

! Please make sure you register to the events you choose to attend in due time. Registration is made by clicking on the event(s) you choose. They are all listed in the [Programme](#) .
