PRESENTATION OF THE NATIONAL ENERGY REPORT 2023

KAZENERGYFORUM.COM

The presentation of the updated version of the NER-2023, which is currently being prepared by the KAZENERGY Association In collaboration with leading international energy experts, will become one of the key events of the KEW-2023.

The previous versions of the KAZENERGY National Energy Report are posted on the website: www.kazenergy.com

PRELIMINARY LIST OF KEY TOPICS IN THE NATIONAL ENERGY REPORT 2023

- Global dynamics of the economy and energy markets in 2022-23, including the forecast for the future;
- A renewed focus on ensuring energy security due to the destabilization of global energy systems amid armed conflicts, economic sanctions and trade diversion;
- Energy cooperation and regional economic integration in Eurasia;
- Energy security strategy of the Republic of Kazakhstan;
- Kazakhstan's initiatives in the field of energy transition and reduction of greenhouse gas emissions;
- Kazakhstan's oil industry;
- Natural gas, LPG, petrochemistry and the implementation of Kazakhstan's gasification strategy;
- Electric power industry and new ideas for using coal in the economy.

**THE WORLD IS COMING TO ASTANA,
ARE YOU?**
