Dear Sir / Madam,

Sub : Corrigendum on Prequalification of Suppliers for “design, build, testing, commissioning and delivery of passenger boats ” by KMRL – Reg.

Kochi Metro Rail Limited (KMRL), a Joint Venture of Government of India and Government of Kerala has spearheaded the task of setting up a world class Integrated Water Transport System for Kochi City with a vision to connect the mainland with all the islands in the MTA-Kochi area, reviving the sustainable traditional mode of public transportation. It is proposed to procure total **76 boats** connecting 41 terminals. On implementation, the Kochi Water Metro project will be the biggest organized fleet to operate in the world.

KMRL has floated a **Request for Qualification (RFQ)** for global participation, seeking response from eligible parties who are interested to participate in the manufacture and supply of **23 Nos. passenger Steel/Aluminium boats** running on hybrid electric propulsion. For details of the corrigendum and revised RFQ document, please visit the following links <https://etenders.kerala.gov.in/nicgep/app> and <https://kochimetro.org/tenders/>.

We seek your kind support in bringing this to the attention of the companies engaged in this business in **Bulgaria**, so that KMRL can receive a wider response.

Thanking you,

Yours faithfully,

For and on behalf of KMRL

joey
