ENERGY TRANSFORMATION

=

THE PEOPLE

- **BOOM in the installations**
 - **The large financial resource in the sector**
 - **Lack of trained personnel**
 - **The weak awareness for consumers and investors**
-

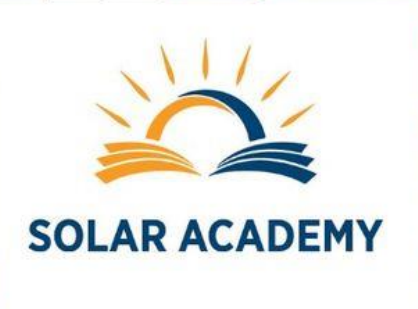

**DEVELOPMENT, TRAINING AND PREPARATION OF PROFESSIONALS WILL
LEAD TO SUCCESSFUL ENERGY TRANSFORMATION**

- **Concerted efforts to **prioritize** workforce development in energy policy;**
- **Investments in renewable energy **education** and **training programs**;**
- **Creating **partnerships** between industry and academia to drive **innovation** and **knowledge transfer**;**
- **Promoting diversity and inclusion in the renewable energy sector to ensure that the **benefits** of the **energy transition** are shared by all, etc.**
