

UNDER THE PATRONAGE OF THE  
**MINISTRY OF  
ECONOMY & FOREIGN TRADE**

JOIN US AT THE FIRST ANNUAL  
ECONOMIC CONFERENCE IN SYRIA

**SYRIA ECONOMIC FORUM**

**25-28** MAY 2022

Damascus - Conferences Palace - Ebla Hotel

## **Under the patronage of the Ministry of Economy and Foreign Trade Syria Economic Forum**

The first international conference held in Syria.

The purpose of this event is to introduce foreign investors and businessmen to the Syrian labor market and investment and all the opportunities available therein to work and invest in the most appropriate way.

### **Provide a full explanation of each of the following:**

- The new investment law NO 18 / 2021 and its executive provisions.
- The facilities provided by ministries and government institutions for businessmen and foreign and Arab investors.
- Obstacles that may face investors in light of the sanctions imposed on Syria.
- All targeted sectors and its share from the market in addition to all required information to invest in it.

## **The lectures will be given from lecturers on the level of:**

- 1- Ministers and their Deputies.
- 2- Commissions Managers.
- 3- Influential local and regional people.

**To cover all the following subjects:**

- 1- Investment law.
- 2- Financial Facility.
- 3- Central Bank of Syria vision and rules.
- 4- Insurance and Bank Policy and Procedures.
- 5- Construction and Building Issues.

In addition to opening the door for discussion between the local private and public sectors with Arab and foreign investors and answering all questions.

**Vision:**

It is time to see Syria regain its position and role and the recovery of its economy.

The Syrians will show the world that they are capable of rebuilding their country, which was subjected to the worst war.

It is a new challenge and a new victory.

**Mission:**

The return of Syria is the revival of a new spirit of peace for the world. Investing, benefit-sharing and exchanging opinions are the best ways to achieve the basic goals.

Will and cooperation are the key to the path through human and scientific resources to provide the best possible service for future generations.

**We can make the impossible possible.**
