5th International Trade Show on Agriculture & Animal Husbandry – Food & Beverage Processing & Packaging – Food Ingredients – Food Trade

22 - 24
November 2022

Erbil International Fairground – Erbil, Iraq
www.iraq-agrofood.com

Bigger as ever in Halls 1 & 2 now! Professionals only event representing the entire value chain from field to fork

Boosted by the great success of the November 2021 event, organisers So Fuar and fairtrade are now preparing the next edition in November 2022.

What's new? The upcoming edition takes up the two most important recommendations of the exhibitor and visitor survey:

- The fair will be condensed from 4 to 3 days, while at the same time admission controls will be tightened. This is intended to limit the audience to trade visitors and to strengthen the professional character of the fair.
- The event should represent the entire value chain from field to fork. For this purpose, Agro Pack Iraq will be supplemented by Agro Iraq and Food Iraq, and the fair will be extended from Hall 1 to Halls 1 and 2. To complete the range of products and services and to benefit from synergies, Plast Iraq will be held in parallel.
- Agro Iraq in Hall 2 presents agriculture, crop production, livestock breeding and poultry
- Agro Pack Iraq in Hall 1 covers technology and material for processing food and beverages, as well as ingredients
- Food Iraq in Hall 1 showcases and trades finished food & beverage products
- Plast Iraq in Hall 1 features plastic raw material in primary forms as well as machinery and equipment for plastics processing, printing and packaging

Recap of the 4th edition of November 2021

"The event exceeded our expectations by leaps and bounds as we met customers from all the Iraqi provinces"*

* Jean S. Zakka, CEO - Zakka Multitec

- 7,879 visitors from 19 countries
- 171 exhibitors
- High level of exhibitor and visitor satisfaction

Grains, grain systems
Greenhouse and greenhouse plastics and equipment

Irrigation systems

Livestock and poultry breeding

Milk processing equipment
Milling and mixing installations/
equipment

Pesticides and fertilizers
Poultry equipment

Seeds, seedlings
Stable equipment

Veterinary syringes

Voices of the exhibitors

Hans Akerboom
Consul General - Kingdom of the Netherlands

It's the first time that we are participating at an agro fair here in the Kurdistan region. We are very happy that now ten Dutch exhibitors are participating. That is huge!

The Netherlands is one of the biggest investors in agriculture in the Kurdistan region, and we have a very close connection with the government, for example the Ministry of Agriculture. This trade show is very professional, and I am happy to see that this kind of event can be organised here.

Ali Nalmo
Sales Manager - Aytav Poultry

Aytav Poultry as one of the largest poultry equipment manufacturers in Turkey. As we have realized projects in Iraq and keep on servicing them, Iraq is a major market for us. Here at the show, we meet with clients in need of general contractors for their agro & poultry projects. We are glad to say that this Agro Show exceeds our expectations by far.

Halit Shasheet
Business Area Manager - BASTAK

Bastak is the Turkish export leader in flour and feed quality control laboratory instruments, flour additives and improvers. Iraq represents a huge market in the agricultural sector. Here at the show, we have received decision makers from government, but also from potential agents interested in representing us on the Iraqi market.

Why exhibit?

Voices of the exhibitors

Jean S. Zacca
CEO – Zakka Multitec

For us, Iraq is one of our main markets in the region as we see a large potential in the industrial sector. After busy days at our booth, we can say the show has definitely exceeded our expectations by leaps and bounds as we met customers from all the Iraqi provinces. Not only the number and quality of the visitors were brilliant as most were professionals from within the industry and appreciate the high-quality European machines that we supply. But also the show organisers did an excellent job.

Mustafa D. Al-Tamimy
MEPEQ

MEPEQ provides turnkey solutions for packaging industries in liquid food, beverages and chemicals. We regard Iraq as a developing market with an improving purchasing power as more and more factories are established. Here at Agro Pack, our target is to raise awareness for investments in high-quality and high-performance machines, despite the price argument. And we are satisfied as many investors have already visited our stand during the first two days.

Ghazwan Kafil Idan
Trade Marketing and Distribution Manager – Atyaf Algeed (Givaudan)

Iraq is a very important market for our company especially since the Iraqi government supports and protects the local food production. Our clients for our flavours, fragrances and ingredients are owners of factories for the soft drink, juice and chips production. Agro Pack 2021 is an excellent and very important event for us to enlarge our horizon of communication and to increase the cooperation between suppliers and project owners. Therefore, we expect prosperity and growth of our company as a result of this event.

Iraq is the third largest Arab importing country of food & beverage process and packaging technology in the Middle East

Source: VDMA / Graph: fairtrade

- Between 2015 and 2020, Iraq's imports of food and beverage process and packaging technology increased with an annual growth rate of 13%, from €76m to €140m. (VDMA)
- This makes Iraq the third largest Arab importing country of such technologies in the Middle East after Saudi Arabia and the UAE.
- A clear signal of the political will to expand local food production and the „Made-in-Iraq“ trend. Continuous growth is expected in the coming years.

Why exhibit?

Iraq is a US\$ 6billion food import market

Great chances for business for food and beverage suppliers from around the world: Iraq annually imports more than US\$6billion worth of food and agricultural products.

The value of Iraq's own food production amounts to around US\$3billion.

Opportunities in food & beverage trade with Iraq

- One of the largest markets for food & beverage products in the Middle East - still undersupplied
- Huge demand - Development extremely promising

Although domestic production is steadily increasing, Iraq is still highly dependent on food imports. Thus, about 50 % of the food demand is imported.

Turkey and Iran are the most important bilateral trading partners for food. In total, Iraq imports USD 2.5 billion worth of food products from these two countries annually. (FAO 2020)

Food and agricultural products worth approximately €680 million were imported from the European Union in 2020. Imports from the EU have doubled since 2014. (European Commission - Directorate General for Agriculture and Rural Development, 2021)

With an average income of about US\$ 570, Iraq is an upper-middle class economy according to the World Bank. About 43% of monthly income is spent on food.

EU imports are particularly high for infant and baby food, eggs, honey, cheese, pasta and pet food.

Market studies predict that demand for other product groups will continue to grow, creating business opportunities in the following products:

- Sweets, biscuits, snacks
- Dairy products such as cheese, cream, milk powder, ...
- Poultry and beef
- Products for food production, processing and preservation

Voices of the exhibitors

Feras al Khateeb
Export Sales Manager – Siniora Food Industries, Amman – Jordan

Iraq has got the largest population in the region, that's why the Iraqi market is so important to us. We expect the market to grow steadily over the years to come.

During the past two show days we could discuss business with retailers, end users and distributors. We are satisfied with the outcome so far and we hope to close more and more deals also over the coming two days.

Zafer Sönmez
Export Sales Specialist - yayla

Yayla Agro is a market leader in the pulses industry and exports in 100+ countries. As we are very close to Iraq, everybody here knows our brand.

We have made some new leads with interest in our products here at the show. And we have talked to many who want to become our distributor. This is exactly what we have been looking for.

Erbil – The safe gateway to all of Iraq

- Capital city of Iraqi Kurdistan and the third most populated city in Iraq after Baghdad and Basra.
- Located in the Northern Iraq, the largest cities in the Kurdistan Autonomous Region are Erbil with 1.4 million inhabitants, Sulaymaniyah with 900,000, Dohuk with 500,000 and Zakho with 350,000. The Erbil governorate has got more than 2 million inhabitants.
- One of the oldest continuously inhabited areas in the world. Its archaeological museum houses a large collection of pre-Islamic artefacts, particularly the art of Mesopotamia, and is a center for archaeological projects in the area.
- Designated as Arab Tourism Capital 2014 by the Arab Council of Tourism
- Citadel of Erbil was inscribed as a World Heritage site in July 2014.

Erbil is Iraq's bustling and secure economic metropolis

After a period of political turbulence, Erbil regained its position as Iraq's bustling and secure economic metropolis.

Kurdistan is open for business!

Its liberal business environment favors investment. And Erbil traditionally connects the countries of the region, Iraq, Turkey, Iran and Syria, but also the Caucasus countries Armenia, Azerbaijan and Georgia.

A large and modern consumer market is waiting to be satisfied.

In fact, the trade sector is one of the main drivers of economic growth in Kurdistan and Iraq as a whole.

Erbil is easy to reach.

Daily flights by Austrian, Egypt Air, Fly Dubai, Lufthansa, Qatar and Turkish Airways, ...

Erbil is easy to reach from everywhere, as well-known airlines such as Air Arabia, Atlasglobal, Austrian, Egypt Air, Fly Baghdad, Fly Dubai, Iraqi, Lufthansa, Mahan Air, Middle East, Pegasus, Qatar Airways, Royal Jordanian, Saudi Airline, Turkish Airlines and many others operate regular flights to Erbil – see Erbil Airport.

The venue

Erbil International Fair Ground live!

See the fully equipped and state-of the art exhibition center live during Agro Pack Iraq 2021

Erbil International Fair Ground

The Erbil International Fair Ground is by far the most important exhibition center in Kurdistan and Northern Iraq.

The exhibition site features 13,000 sqm of air-conditioned halls and 5,000 sqm of outdoor exhibition space.

The Erbil International Fair Ground is located in Park Sami Abdurrahman, west of the city centre.

Full exhibition service

- Powerful media and direct marketing campaign to address the exact target group of buyers
- Exhibitor presentation in the trade fair catalogue
